PREFACE.

THE second Volume of this work begins with the latter half of the MS. book B. It is evident that formerly these two halves were separate books, but have at some later time been bound together. The whole of this MS. B is written on parchment. The MS. book C which follows is also written on parchment, and contains 68 leaves. The Register D is on paper, the Baptisms being entered at one end and the Burials at the other, while Register E contains entries of Weddings and is also on paper.

It is a matter of regret that entries of Weddings are entirely wanting after the year 1753 until the year 1796, for which no cause can be discovered.

As the great object of the Editor has been to make the work a true and literal copy, it will be observed that all mistakes in spelling have been left uncorrected.

The following errors in Volume I. were discovered when it was too late to rectify them :—

Page 7.—For St read Sr.

Page 75.—For Matthew read Mattheus—Notrum, notum—vinuersis. universis—mansorum, manerram—publitus. publicus—quod, quos.

Page 76.—For Sinodo read sinodo—quingentisimo, quingentesimo—archipiscopali, archipiscopale—appom. aponi—suprascriptus, suprascriptis.

Page 80.—For thoro read choro—presidis, presidio—patriæ, patris—metropolitam, metropolitani—admissimus, admisimus.
